

Heartcross / Israel update:

Dennis & Carol

September 2013

It has been a while since we have sent out an update about what is going on in our lives. Even though we are still waiting on the Lord about going back to Israel, we are still very busy doing the Father's business here in the states.

Since we have returned we are serving at Calvary Fellowship in Greencastle with Rick and Marla Fay. Dennis is teaching a Bible study every other Wednesday on the roots of Abraham and coming along side Rick to help in areas that are needed. Carol is teaching an induction study on the book of Philippians.

We have continued to share at churches when we have invitations. It is our hearts desire to share about Israel in the current status and also help people to understand general things like what is the west bank, Gaza, and terms that people may hear on the news.

As we wait on the Lord it is important for us to be active in helping people here in the states to understand what it truly means to stand and pray for Israel. We feel that our time in the Land has given us a first hand experience on living in the Land and ministering to His people.

We are praying for opportunities to share with the Jewish people and gentiles when the Lord directs us and may give us the chance to do so.

How you can Pray:

Israel has an enemy that fervently attempts to remove her as a Jewish nation takes full advantage of maintaining her blindness to Jesus being her Messiah and will one day try to take control as her spiritual and political leader, after all else fails.

This false Messiah (Satan) uses dual theology to keep the Jewish people blind to salvation, and he uses replacement theology to keep the Christians from seeing Jesus has a future in mind for the Jewish nation.

Please pray for Israel in these areas.

There is much unrest right now in the Middle East, pray for Israel's protection and that the believers would have many opportunities to share Yeshua with the people

Pray the Lord will show us and lead us in how to present these truths and prayer needs to the under informed churches here in the states.
